

MODO

MODDO

The new contemporary
collection from Apeer

 **Apeer**

The Modo collection has all the security, durability and energy efficiency you've come to expect from an Apeer door.

Triple Glazing
ApeerModo doors have toughened triple glazed units as standard.

Steel Glazing Trims
Not only do the steel glazing trims give a contemporary look, they're also an added security feature.

Glass Design
Fused tiles, bevels and sandblasted designs are created by hand by our decorative glass experts.

Colour Matching
Colour choices are not restricted to white frames, or to a white only finish on the inside. Choose your door colour, match the door frames, rebate, weather deflector and internal finish.

Kitemark Cylinder and Winkhaus Locking System
Anti-bump, anti-drill, anti-pick and anti-snap Kitemarked cylinder lock barrels are fitted as standard.

Double Rebate with Inner GRP Frame
Using a unique combination of some of the strongest and most robust materials in the world including steel, GRP and high density polyurethane along with our double rebate system, means every ApeerModo has security at its very core.

Timber Effect GRP
With the sophisticated appearance of solid timber, and all the stability, energy efficiency and durability of modern materials, an Apeer door is the perfect hassle-free protector for your home and your family.

Apeer Flag Hinge
(Shown in chrome)

ApeerModo doors are fitted with flag hinges. Colour options available. Butt hinges also available in gold, white and brown.

Every effort has been made to reproduce the colour of our Apeer doors and the coloured film in the decorative glass designs. However, printing constraints will give rise to some colour deviation. Please note the grain on the GRP Apeer door does not replicate the grain on the frame as it is a PVC foil. White frames do not have a grained PVC foil. The grain and colour on the Oak and Rosewood doors are not an exact match to the Oak and Rosewood PVC frames.

Classic lever lever handles, letterboxes and knockers are available on the ApeerModo range.

Bar handles are only available in stainless steel.

Details and Technical Information.

Security.

ApeerModo doors use the latest in locking technology to challenge even the most experienced criminals. Steel dog bolts secure the door to the frame, while the anti-pick, anti-drill, anti-snap and anti-bump cylinder locks will give you complete peace of mind.

Locking System
Multi-point locking system is fitted as standard to reinforce the concept of safety in your home.

Kitemark Cylinder
Anti-bump, anti-drill, anti-pick and anti-snap Kitemarked cylinder lock barrels are fitted as standard.

Steel Dog Bolts
Steel dog bolts secure the door to the frame, protecting against intruders.

Double Rebate
ApeerModo's double rebate system adds additional draught protection by creating an internal secondary rebated seal.

Winkhaus Locking System
High security system protects your family from intruders.

Glazing Units
ApeerModo doors have triple glazed units as standard.

Weather Defence
Weather deflectors are fitted to protect from the elements.

Coupling Bar
Sidelights are coupled with aluminium bar for greater security, rigidity and stability.

Hinges
Flag and butt hinges are fitted to ApeerModo doors to allow for adjustment.

Thresholds.

Stepped Aluminium Threshold (25mm)

Distance from bottom of door leaf to bottom of threshold 17mm

Mobility Access Threshold MDS80/2 (15mm)

Distance from bottom of door leaf to bottom of threshold 20mm

Wheelchair Access Threshold MDS25/5/2 (15mm)

Distance from bottom of door leaf to bottom of threshold 20mm

PVC Thresholds also available.

Coupling Bar.

All Apeer door and sidelight photos in this brochure are shown with coupling bar.

They are also available as a fully welded option. Carriage surcharge may be applicable.

Please note:
We recommend all doorsets over 1500mm wide should be coupled for greater rigidity, stability and durability.

Door Styles.

Using a unique combination of some of the strongest and most robust materials in the world including steel, GRP, toughened triple glazed units and high density polyurethane, every ApeerModo door has security at its very core.
